DETAIL: In FY 2024 and FY 2025, Regional Sports Authority districts received an appropriation of \$700,000 from the RIIF. Prior to FY 2024, the Regional Sports Authority districts have received annual appropriations of \$500,000 from the RIIF or the General Fund. The Regional Sports Authority District Program authorizes the IEDA to certify up to 10 districts for the promotion of youth sports, high school athletics, the Special Olympics, or other nonprofessional sporting events. Each district receives an equal share of the appropriation.

Funding is awarded to the convention and visitors bureaus for each area. The funds are used for marketing and other promotional efforts to attract youth sports, high school athletics, or other sporting events to the communities. Other expenses include venue rental, facility conversion, timing systems, field preparation, and other expenses related to hosting various sporting events.

Some recent examples of events are the Iowa Special Olympics Winter Games, AAU Junior Olympics, NAIA Division II Women's Basketball National Championship, U.S. Hockey League Fall Classic, NCAA Division II Super Regional Wrestling Tournament, Iowa Summer Games Sports Festival, and NCAA Division I Wrestling Championships.

The DNR is required to implement the projects in accordance with the Lake Restoration Plan and Report and Iowa Code section [456A.33B](#). The Plan and Report is submitted annually by January 1 to the Transportation, Infrastructure, and Capitals Appropriations Subcommittee.

Iowa Code section 456A.33B provides overall goals for the projects in the program. Specific criteria include water quality targets relating to clarity, biota, sustainability, and safety. In addition to this appropriation, the DNR has been appropriated a total of \$156,059,000 since FY 2008 for lake restoration projects

6 26 b. For state park infrastructure improvements:
 6 27 FY 2025-2026:

Since FY 2008, the DNR has received \$55,500,000 for infrastructure improvements at State parks from the RIIF.

6 29 c. For water trails and low head dam safety grants,

 6 32 8.57, subsection 3, paragraph "c":
 6 33 FY 2025-2026:
 6 34 \$ 1,500,000

Rebuild Iowa Infrastructure Fund appropriation to the DNR for the Water Trails and Low Head Dam Public Hazard Program. This appropriation is exempt from the vertical infrastructure requirement in Iowa Code section [8.57\(5\)\(c\)](#).

DETAIL: Projects related to eligible water bodies as defined in Iowa Code section [456A.33C](#) (On-Stream Impoundment Restoration Fund) are eligible for grants from the Water Trails and Low Head Dam Safety grants appropriation in FY 2026.

These funds support grant awards to local entities for water trail enhancements and dam mitigation grants to dam owners, including State and local government entities and private owners, to improve low head dam safety. State-designated water trails are designed to provide the following four basic types, or levels, of recreational experiences: gateway, recreational, challenge, and wilderness. Each segment of a water trail is assigned one of these experience ratings to reflect a range of conditions available to the user in the designated waterways.

While there are different types of low head dams, they generally consist of a riverwide dam that is normally overtopped by the entire river's flow. Flood gates may or may not be present to reduce upstream flooding effects. The height of these dams is less than 30 feet. Low head dams were originally constructed throughout Iowa to power gristmills and sawmills. Some dams were later used for hydroelectric generation. Low head dams can be extremely dangerous due to the powerful recirculating hydraulics that are generated. Since FY 2009, appropriations for the Water Trails and Low Head Dam Public Hazard Program from the RIIF have totaled \$15,300,000. Recent prior year appropriations for the Water Trails and Low Head Dam Public Hazard Program include the following:

- FY 2023 through FY 2025: \$1,500,000 each year from the RIIF
- FY 2022: \$1,000,000 from the RIIF
- FY 2021: \$250,000 from the RIIF
- FY 2020: \$500,000 from the RIIF

6 35 8. DEPARTMENT OF PUBLIC DEFENSE

7 1 a. For major maintenance projects at national guard
 7 2 armories and facilities:
 7 3 FY 2025-2026:
 7 4 \$ 2,100,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Public Defense (DPD) for major maintenance projects at National Guard facilities throughout the State.

DETAIL: Funding since FY 2019 has totaled \$10,300,000. Past projects have included parking lot repairs; upgrades to heating, ventilation, and air conditioning (HVAC), electrical, and plumbing systems; additional classroom and office space; and other major maintenance and improvement projects at all 42 armories and other buildings maintained by the Iowa National Guard. The Iowa National Guard armories are facing a backlog of deferred maintenance and equipment upgrade needs. Funding will be used for priority and emergency repairs first and then to address the backlog as funding is available. Generally, the State appropriation acts as a match to draw down federal funding on a one-to-one basis.

7 5 b. For improvement projects for Iowa national guard
 7 6 installations and readiness centers to support operations and
 7 7 training requirements:
 7 8 FY 2025-2026:

Rebuild Iowa Infrastructure Fund appropriation to the DPD for modernization and improvement projects at National Guard readiness centers around the State.

DETAIL: Since FY 2019, a total of \$10,300,000 has been appropriated for this purpose. State funds are used to match federal funding.

7 10 c. For construction improvement projects at the Camp Dodge
 7 11 facility:
 7 12 FY 2025-2026:

Rebuild Iowa Infrastructure Fund appropriation to the DPD for Camp Dodge improvements.

DETAIL: Since FY 2019, a total of \$2,650,000 has been appropriated for utility and infrastructure improvements at Camp Dodge. These funds match federal grants, with the State providing 15.00% and federal funds providing 85.00%. Past upgrades include modernization of the natural gas, electric, phone, water, sanitary, storm water, paving surfaces, and energy security and resiliency systems.

2025, on projects funded with appropriations in this Bill.

7 18 9. DEPARTMENT OF PUBLIC SAFETY

7 19 For payments and other costs due under a financing agreement
 7 20 entered into by the treasurer of state for building the
 7 21 statewide interoperable communications system pursuant to
 7 22 section 29C.23, subsection 2, notwithstanding section 8.57,
 7 23 subsection 3, paragraph "c":
 7 24 FY 2025-2026:
 7 25 \$ 6,486,177

Rebuild Iowa Infrastructure Fund appropriation to the Department of Public Safety (DPS) for the lease-purchase payment and other items associated with the Statewide Interoperable Communications System. This appropriation is exempt from the vertical infrastructure requirement in Iowa Code section [8.57\(5\)\(c\)](#).

DETAIL: This appropriation will be used to fund the annual lease payment and tower maintenance. The difference will be funded from the Primary Road Fund. In FY 2024, there was an increase in the appropriation amount due to the State contractually assuming an annual maintenance agreement in the amount of \$2,315,350. The final payment for the lease purchase is expected to be in FY 2026, and the Motorola maintenance agreement will continue through FY 2030.

A lease-purchase contract was signed with Motorola in 2015 at an estimated cost of \$39,500,000 (\$36,400,000 in principal and \$3,100,000 in interest) over 10 years. This is the tenth payment made by the State. This is the ninth year the payment for the Communications System has been funded by the RIIF. The payment was funded by the E911 Fund in the first year. The final payment is estimated to be in FY 2026.

7 26 10. BOARD OF REGENTS

7 27 a. For allocation by the state board of regents to the
 7 28 state university of Iowa, Iowa state university of science
 7 29 and technology, and the university of northern Iowa to
 7 30 reimburse the institutions for deficiencies in the operating
 7 31 funds resulting from the pledging of tuition, student fees
 7 32 and charges, and institutional income to finance the cost of
 7 33 providing academic and administrative buildings and facilities
 7 34 and utility services at the institutions:
 7 35 FY 2025-2026:
 8 1 \$ 25,600,000

Rebuild Iowa Infrastructure Fund appropriation to the Board of Regents to replace tuition used to pay debt service on academic revenue bonds.

DETAIL: This appropriation replaces student tuition and fees that pay the debt service on academic revenue bonds authorized in prior fiscal years. Iowa Code chapter [262A](#), enacted in the 1969 Legislative Session, authorizes the sale of academic revenue bonds by the Board of Regents.

The first academic revenue bonds were issued in 1970 and provided the primary source of funds for construction of academic facilities at the universities for several decades. Academic revenue bonds are

secured by student tuition and fees. The appropriation is not mandatory by statute, but the Board of Regents indicated that without a tuition replacement appropriation, an aggregate tuition increase of 3.40% across the universities will be required to pay the debt service.

Funding for tuition replacement has been provided for many decades. Until FY 2002, the appropriation was made solely from the General Fund. Beginning in FY 2002, portions were funded from the General Fund and from infrastructure-related funds such as the RIIF and the Restricted Capitals Fund. From FY 2006 to FY 2008, funding for this appropriation was divided between the General Fund and the RIIF. Since FY 2009, the entire appropriation has been funded from the RIIF. The exception to this is FY 2018, in which appropriations were made from both the RIIF and the State Bond Repayment Fund.

The tuition replacement appropriation provides most of the annual debt service on the academic revenue bonds, but a portion of the debt service is paid from annual reductions in the Debt Service Reserve Fund.

8 2 b. For the renovation and construction of the public policy
8 3 center at the commons at the university of northern iowa:
8 4 FY 2025-2026:
8 5 \$ 1,000,000

Rebuild Iowa Infrastructure Fund appropriations for FY 2026 to the Board of Regents for the renovation and construction of the public policy center at the Commons at the University of Northern Iowa (UNI).

DETAIL: This appropriation would help fund the renovation of the Commons building on the UNI campus into a hub for outreach and civic education through a new Center for Civic Education to the Commons. The current Commons building at UNI has a variety of deferred maintenance issues, including HVAC systems, windows, and the roof. The total cost to complete the project is approximately \$32,402,000.

8 6 11. DEPARTMENT OF TRANSPORTATION

8 7 a. For acquiring, constructing, and improving recreational
8 8 trails within the state:
8 9 FY 2025-2026:
8 10 \$ 2,500,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Transportation (DOT) for the Recreational Trails Program.

DETAIL: The State Recreational Trails Program consists of developed multiuse recreational trails and off-road paths throughout the State. A local match of 25.00% is required in accordance with the DOT administrative rules. Trails that receive funding must be maintained for public use for a minimum of 20 years. Applications for funding from the

Trails Program are considered twice per year and are approved by the Transportation Commission. Appropriations for the last seven years include the following:

- FY 2025: \$3,500,000 from the RIIF
- FY 2024: \$2,500,000 from the RIIF
- FY 2023: \$2,500,000 from the RIIF

- FY 2020: \$1,500,000 from the RIIF
- FY 2019: \$1,000,000 from the RIIF

8 11 b. For deposit in the public transit infrastructure grant
 8 12 fund created in section 324A.6A, for projects that meet
 8 13 the definition of vertical infrastructure in section 8.57,
 8 14 subsection 3, paragraph "c":
 8 15 FY 2025-2026:
 8 16 \$ 1,200,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for public transit infrastructure grants through the Public Transit Infrastructure Grant Fund.

DETAIL: Between FY 2012 and FY 2025, there has been an annual appropriation of \$1,500,000 from the RIIF for the Grant Fund, with the exception of FY 2021 when \$500,000 was appropriated from the RIIF and FY 2024 when \$1,000,000 was appropriated from the RIIF. Transit agencies may apply for grants that are approved through the Transportation Commission, and projects must meet the definition of vertical infrastructure. The State match requirement may be up to 80.00%. Funds are used for capital projects such as new bus storage buildings, administrative buildings, maintenance facilities, storage buildings, reconstruction of steam cleaning areas, or vehicle storage and wash bays, as well as for replacing roofs or other improvements.

8 17 c. For deposit in the railroad revolving loan and grant
 8 18 fund created in section 327H.20A, notwithstanding section 8.57,
 8 19 subsection 3, paragraph "c":
 8 20 FY 2025-2026:
 8 21 \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for the Railroad Revolving Loan and Grant Program. This appropriation is exempt from the vertical infrastructure requirement in Iowa Code section [8.57](#)(5)(c).

DETAIL: Historically, this Program has received appropriations from the RIIF. Recent appropriations include the following:

- FY 2025: \$2,000,000
- FY 2024: \$500,000
- FY 2023: \$2,000,000
- FY 2022: \$1,000,000
- FY 2021: \$500,000
- FY 2018, FY 2019, and FY 2020: \$1,000,000

The funds are used to provide grants and loans for construction and improvements to railroad facilities such as railroad main lines, branch lines, switching yards, sidings, rail connections, intermodal yards, and highway grade separations. The Railroad Revolving Loan and Grant Program is targeted toward job growth and economic development. The Program has the following three eligible funding categories: job creation, rail network improvement, and rail port planning and development. Industries, railroads, local governments, and economic development agencies are eligible to apply for grants and loans from the Program.

8 22 d. For vertical infrastructure improvements at the
 8 23 commercial service airports within the state:
 8 24 FY 2025-2026:
 8 25 \$ 1,900,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for infrastructure improvements at commercial service airports.

DETAIL: Since FY 2012, appropriations have been made from the RIIF for improvements at commercial service airports. Since FY 2022, \$1,900,000 has been appropriated annually from the RIIF. There are eight commercial service airports in the State, located in Burlington, Cedar Rapids, Des Moines, Dubuque, Fort Dodge, Mason City, Sioux City, and Waterloo.

The funds are distributed through a 50/40/10 formula. For this appropriation, \$950,000 (50.00%) will be allocated equally among each of the commercial service airports, \$760,000 (40.00%) will be allocated based on the percentage of enplaned passengers during the previous fiscal year, and \$190,000 (10.00%) will be allocated based on the proportion of air cargo tonnage at each airport during the previous fiscal year. Airports submit applications to the DOT Office of Aviation for specific projects that are considered for approval by the Transportation Commission. No local match is required. Projects must meet the definition of vertical infrastructure.

In FY 2024, there was an additional \$10,000,000 appropriated from the RIIF for commercial service airport terminal improvements. Commercial airports were required to provide a 90.00% match for grants and could not utilize federal funds to provide the match.

8 26 e. For vertical infrastructure improvements at general
 8 27 aviation airports within the state:
 8 28 FY 2025-2026:
 8 29 \$ 1,000,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for infrastructure improvements at general aviation airports.

DETAIL: Funds have historically been appropriated from the RIIF with the exception of FY 2007 when the appropriation was made from the Restricted Capitals Fund and FY 2017 when then appropriation was

made from the State Aviation Fund. Since FY 2022, \$1,000,000 has been appropriated annually from the RIIF for infrastructure improvements at general aviation airports.

General aviation airport vertical infrastructure projects may receive up to 85.00% of the total project costs but require a minimum level of \$5,000 in local match to be considered. Projects must meet the definition of vertical infrastructure. Eligible airports apply to the DOT Office of Aviation. Projects receive final approval from the Transportation Commission. These grants are available only for public use general aviation airports.

County fairs receive approximately \$10,095 each. The facility would be used to fulfill ILEA and DPS Basic Academy emergency vehicle operation training requirements. The Iowa Department of Transportation (DOT) and Iowa National Guard would also utilize the training space to facilitate a variety of training requirements, core job functions, mission readiness operations, and ongoing professional development.
